

REBECCA KURTZ-GARCIA

rkurt001@ucr.edu \diamond rebeccakurtz62@gmail.com \diamond <https://rpkgarcia.github.io/rpkgarcia/>

EDUCATION

University of California Riverside *Sept. 2018 - Present*
Doctorate in Applied Statistics (In Progress)

Ball State University *Aug. 2016 - May 2018*
Masters of Science in Statistics

University of California Davis *Sept. 2012 - June 2016*
Bachelors of Science in Statistics

RELEVANT RESEARCH PROJECTS

Dissertation, University of California Riverside *Fall 2020 - Present*
Advisor: Dr. James Flegal
Topic: Spectral Variance Estimators, Covariance Matrix Estimators, Time Series, Robust Estimation

Master's Thesis, Ball State University *Aug 2017 - May 2018*
Advisor: Dr. Rebecca Pierce
Description: Categorical data analysis of reality-game shows with an elimination format. A comparison of different methods to make predictions. Methods may aid in determining a bias, and thus legality, of some of the most popular television programs on air.

Undergraduate Research Project, University of California Davis *Jan 2016 - June 2016*
Advisor: Dr. Joshua Patrick
Description: Modeled the spatio-temporal covariance structure of irradiance data for solar energy, an National Science Foundation funded project. Assisted with writing a program for a new visual method using the correlation in the irradiance data to specify the directional covariance model.

PUBLICATIONS

- **Kurtz-Garcia, R. P.**, Flegal, J. *Testing Optimal Lugsail Estimators for Robust Inference*. In preparation.
- **Kurtz-Garcia, R. P.**, *Teaching Iterative Methods in R*. In preparation.
- Pickerill, E. S., **Kurtz, R. P.**, Evans, B., Begum, M., & Bernstein, D. A. (2019). *Pseudouridine synthase 7 impacts Candida albicans rRNA processing and morphological plasticity*. Yeast, 36(11), 669-677.

TEACHING EXPERIENCE - PRIMARY INSTRUCTOR

University of California Riverside

Statistics and Programming Bootcamp for Graduate Students	<i>Su21, Su20</i>
STAT 107: Introduction to Statistical Computing With R	<i>F22, Su22,</i> <i>W22, F21</i>

Upward Bound/Ivy Tech Community College

Introduction to Sports Analytics	<i>Su18</i>
Mathematics for Business and Life	<i>Su18</i>
Entrepreneurship	<i>Su18</i>

Ball State University

MATH 125: Quantitative Reasoning	<i>Sp18, F17</i>
----------------------------------	------------------

TEACHING EXPERIENCE - GRADUATE TEACHING ASSISTANT

University of California Riverside

STAT 167: Introduction to Data Science	<i>Sp22</i>
STAT 10/100A: Introduction to Statistics	<i>Sp22, W20</i>
STAT 11/100B: Introduction to Statistics	<i>Sp20</i>
STAT 155: Probability and Statistics for Science and Engineering	<i>Sp20, W20,</i> <i>F19, Su19</i>

HONORS AND AWARDS

- Dissertation Year Program Award at UCR (2022-2023)
- Graduate Student Association Travel Grant at UCR (2022)
- Earl C. Anthony Graduate Student Travel Award at UCR (2022)
- Best Presentation of Original Research Award at NISS Graduate Student Research Conference (2022)
- Mu Sigma Rho Honor Society (Spring 2019 - Current)
- Teaching Assistant of the Year Award, University of California Riverside (Spring 2020)
- Outstanding Statistical Consultation Award and Recognition, University of California Riverside (Spring 2020)
- Dr. Mir Masoom Ali Scholarship, Ball State University (Spring 2018)

CONFERENCE ACTIVITY

- Joint Mathematics Meeting 2022, Boston, MA (2023, January)
 - Oral Presentation: *Lessons Learned From Teaching Programming In R Remote And In Person*
- NBER-NSF Time Series Conference, Boston, MA (2022, Fall)
 - Attendee
- Joint Statistical Meetings at Washington DC (2022, Summer)
 - Poster Presentation: *Alternative Time-Average Covariance Matrix Estimation Procedures*
 - Co-Organizer for National Institute of Statistical Sciences (NISS) Graduate Student Network Social
- NISS Graduate Student Conference (2022, Spring)
 - Oral Presentation: *Alternative Time-Average Covariance Matrix Estimation Procedures*
 - Organizing Committee
 - Session Chair
- Women in Data Science, University of California Riverside (2022, Winter)
 - Invited Workshop Presenter: *Advanced Text Analysis in R*
 - Panelist
- Minds Datathon Conference, Orange County, CA (2021, Fall)
 - Plenary Speaker: *Decision Trees with the Iris Data*
- NISS Graduate Student Conference (2021, June)
 - Oral Presentation: *Recent Advances in Time-Average Covariance Matrix Estimation*
 - Organizing Committee
 - Session Chair
- Minds Datathon Conference, Orange County, CA (2020, Fall)
 - Invited Workshop Presenter: *Random Forests*
- Women Working in Technology, Ball State University (2018, Spring)
 - Attendee
- Student Symposium, Ball State University (2018, Spring)
 - Oral Presentation: *Are You In or Are You Out?*
- Rustbelt RNA Meeting, Indianapolis, IN (2017, Fall)
 - Attendee
- Women Working in Technology, Ball State University (2017, Spring)
 - Attendee
- iidata Data Science Convention, University of California Davis (2016, Spring)
 - Poster Presentation: *Solar Irradiance Covariance Modeling for Sacramento County*

PRESENTATIONS (NOT CONFERENCE RELATED)

- *Graduate Student Panelist*, UCR Data Science Institute (Summer 2022)
- *Introduction to R* (Cancelled due to COVID19), UCR Data Science Institute (Summer 2022)
- *Introduction to Python for R Users*, UCR Statistics Graduate Student Seminar (Winter 2022)
- *Random Forests in R* (Cancelled due to emergency), R'Ladies at UCR (Spring 2020)
- *Panelist for UCR Graduate Student Open House*, UCR Graduate Division (Fall 2020)
- *Demystifying Data Science*, Center for Information and Communication Sciences, Ball State University (Spring 2018)
- *Comparison of Iterative Methods in R*, Applied Statistics and R Group, Ball State University (Spring 2017)
- *An Introduction to the R*, Mathematical Sciences Student Colloquium Series, Ball State University's Mathematical Sciences Department (Spring 2017)
- *Summary of Results: Math 167 Survey*, Mathematical Sciences UPC Faculty Committee, Ball State University's Mathematical Sciences Department (Fall 2016)

OUTREACH AND PROFESSIONAL DEVELOPMENT

- Aspiring PUI Faculty in STEM Workshop at Bucknell University, Lewisburg, PA (Fall 2022)
- Associate for the Career Mentoring of Underrepresented STEM Students for the Professoriate Program, Riverside, CA (Spring 2022)
- Mentor for a statistics undergraduate student research project, Riverside, CA (Spring 2022)
- Executive Committee of NISS Graduate Student Network (June 2020 - Current)
- NISS Graduate Student Liaison (Fall 2021 - Current)
- President of Mu Sigma Rho at UCR, National Honor Society for Statistics (Fall 2021 - Current)
- Vice President of Statistics Graduate Association (Fall 2020 - Current)
- Graduate Student Mentor at the Women's Resource Center (Spring 2021-Fall 2021)
- Organizing Committee of NISS Graduate Student Conference (June 2021, May 2022)
- Co-Founder and Secretary of Statistics Graduate Association (Spring 2019-Spring 2020)

COMPETITIONS AND CHALLENGES

- Scientific and Public Affairs Advisory Committee Poster Competition at JSM 2022 (Summer 2022)
- Lawrence Livermore National Laboratory Data Science Challenge - Team Lead (Summer 2021)
- Ball State University Entrepreneurship Hackathon (Spring 2018)
- University of California Davis Data Science Convention Poster Competition (Spring 2016)

PROFESSIONAL EXPERIENCE

Graduate Student Researcher - Intern

Oct 2020 - Sept 2021

Location: Mathematical Analysis Research Corps - Claremont, CA

Consult on unique statistical and computational problems where solutions may result in publication. Work on long term projects both as a team and at an individual level. Interact with others that have a variety of different backgrounds, responsible for handling sensitive information. Prepare and present materials for a specialized audience.

Consultant

Sept 2019 - June 2020

Location: Graduate Quantitative Methods Center, University of California Riverside

Responsible for holding quantitative consultations, and developing and presenting workshops for a variety of topics and programs. Assisted with the creation of resources and promotion of GradQuant through social media and on-campus events. Specialized In: LaTeX, Python, R, Matlab, Machine learning, Probability theory, Statistical computing, Statistical inference, Web scraping, Advanced Statistical Methods.

Governor's Intern

Summer 2017

Location: State Budget Agency - Indianapolis, IN

Maintained and operated databases using R, and Microsoft programs. Developed uniform systems and programs to generate government reports using R which included forecasts of financial trends. Conducted statistical analysis on future tax revenue, trained coworkers, and wrote user and debugging manuals on the use of R.

Student Supervisor

Aug 2014 - June 2016

Location: Student Housing, University of California Davis - Davis, CA

Promoted from resident advisor. Primary response for 100 resident advisors and over 5000 residents. Supervise, provide professional feedback, and work evaluations for resident advisors. Act as a liaison between different levels of management and departments. Organize systems, schedules and information for people of various professional levels and communication styles. Lead, plan, and facilitate meetings and events for groups as small as three to several hundred. Organize and facilitate weekly discussions for diversity, equity and inclusion.

Legislative Intern

Summer 2015

Location: Office of Senator Joel Anderson - Sacramento, CA

Provided essential office tasks and worked on several legislative research projects. Responsible for constituent correspondence, assisting district office programs, maintaining and operating databases using R, SQL, and Microsoft programs. Additionally, attended community events on behalf of the Senator and made public speeches, as well as creating and presenting certificates of recognition.

Peer Tutor

Spring 2015

Location: Economics Department, University of California Davis - Davis, CA

Assisted students in improving academic achievement, review and clarify key concepts, and provide useful study skills to students that need supplemental help. Held office hours.
